UNIVERSITY OF MASSACHUSETTS - Boston
Registration Instructions

1. Read these instructions carefully before proceeding with registration.
2. Make all entries on your registration forms in pencil.
3. After receiving materials at Station I, sign up for single section courses in the Auditorium.
4. Pay required lab fees (amount of fees listed next to course on schedule) in the Auditorium before proceeding to the lobby to construct your schedule. HOW TO FILL OUT LAB CARDS: The yellow and the green cards are lab cards. Fill out one of each for labs you are entering. In "Department" block put the course prefix (ex. Bi). In "Course No." block put the course suffix (ex. 101). Leave "Section" block blank until you program in the lobby. Enter amount of the fee in the block on the middle right side of both cards. Present cards to Treasurer. He will stamp both paid and return the yellow card to you. The Treasurer will keep the green card.
5. Proceed to the lobby to construct your schedule. Line out all of the "Closed" sections on your Master Schedule.
6. From the sections open to you, plot a time schedule on the "Schedule Worksheet."
   A. Enter single section courses first
   B. Schedule language courses next because of the necessity of scheduling language labs, and/or
   C. Schedule natural science courses next which in most cases require the scheduling of lecture and lab and/or recitation session
   D. Multiple section courses should be scheduled last in that they offer much more scheduling latitude.
7. Normal full-time load for freshmen and sophomores is 4 courses, for juniors and seniors, 5 courses. Full-time students should schedule courses over a five or six day period.
8. If possible, the student should avoid scheduling two consecutive periods.
9. When you have completed a satisfactory schedule on your "Worksheet", copy that program on the back of your "Registration Card" and on the white "Program Schedule Card."
10. Next, fill out the orange "Course Admission Permits" - one for each course. Be sure you keep a record of the sections you are in, otherwise you will become lost when classes begin. Leave "Lect" and "Cr" blocks blank.
11. Next, complete the yellow cards for any labs (or natural science recitation sessions) you are taking. Leave "Section" and "Cr" blocks blank. Put lab number or recitation number in "Lab" block.
12. In Ch 103 and Py 111-112 fill out orange card for recitation session and yellow card for lab. No card required for lecture.
13. VERY IMPORTANT - After your program is complete and you have turned in cards for all your sections and labs, be sure to turn in your Registration Card and the white Program Schedule Card before leaving the lobby. Retain the "Schedule Worksheet" as your copy of your schedule and section numbers.
